

Our School System

House System: We have four houses which are named with “Four Wisdom Buddha” of Buddhist Tantras. These wisdoms Buddha are selected as house names, in order to teach the Buddha’s message of wisdom, compassion, power of spirituality and peace. These houses are headed by the head girl and head boy of class X in order to develop the leadership qualities and team spirit. Each house will be coordinated by an in-charge teacher. Various inter house competitions are conducted in order to develop **self-esteem, developing self-confidence and giving opportunities for leadership and teamwork** beyond those already available within school and providing a focus for **group loyalty or teamwork**.

Election System: “One Person One Vote” to know the importance of Indian voting system, making the child understand the need of selecting the right person as leader, the election system is conducted yearly once. The child feels responsible and proud to participate in the election. The students from class III to X will be participating in the house wise elections and elect the Head boy, Head girl, Vice Head girl and boy, Sports captain and group In-charges.

Briefing will be given about qualities and responsibilities of nominated students or will execute the role so that the child will be able to relate and vote the right students as their respective group and head captains.

Meditation & Yoga Classes: Daily after morning assembly 20 minutes meditation class is been conducted for class Nursery to Xth and weekly twice yoga classes are conducted for class Vth - Xth without charging any extra fee. The meditation and yoga classes will enable child to relax, rejuvenate and become healthier.

Study hours: Study hours are conducted daily by the respective class teachers and are personally monitored by the in-charge mentor, which enables the students to learn and clear the doubts with respective subject teacher on daily basis itself.

Tests and exams: Before conducting the test we prepare the child for attempting the exam which will overcome the internal fear of the child in regard with subject. On daily basis small assignments will be given, for weekly projects will be assigned, and for grand tests, quarterly, half-yearly and annual exams will be held as per state government schedule. Due to continuous preparation and assessment our students are out performing at all levels of school education.

In-charge Mentors: We assign various in-charge duties to the staff. For 30 students an in-charge mentor is assigned, who will take care of both academic and personal well-being of the students.

The in-charge system is personally monitored by the Principal and ensures that every individual child is fully mentored with utmost love, care and gets benefitted in order to overcome fear of failure in examinations and other psychological problems.

Library: *We are privileged to have very huge and fully ventilated library with more than 1000 books which makes the child to read in natural light and gain extra information in regard with the subject along with the current events.*

Science Lab, Math & English Lab: *We regularly conduct the lab activities weekly once for class III to Xth. These lab activities allow the child to participate and share their knowledge, which builds the confidence levels.*

Academic Activities: *The academic activities boost the spirit of the participants and develop the leadership qualities. Every month various academic activities are conducted in order to improve the cognitive skills of the children's such as debate, elocution, story-telling, quiz competitions,*

Games: *The sport will enable the child to improve the physical and mental fitness and boost the competitive spirit which in-turn make the child fit to face the world. Daily basic warm up exercises will be done at morning assembly and followed with meditation.*

- *Weekly once a game period will be conducted for all the classes where various games are being allowed to play such as Kho-Kho, Khabadi, throw ball, volley ball, short put, long put, taekwondo, cricket.*
- *Weekly thrice at school timings special free Taekwondo coaching is given to only girl children's from class III-Xth in order to teach them defensive techniques and become stronger within.*
- *Children's are given special training and are taken for out-door Circle, District, State sport competitions without any special fee.*

Educational Exhibitions: *To bring out the real inside out of the child talent various on-time practical exhibitions such as science, social, arts and book exhibitions are regularly conducted in the school.*

Educational Excursions: *Excursions like book exhibitions, science fair, talent shows, biological parks, industries, historical places etc., are being taken to the children's in order to make the child explore, connect to real world experience and enhance their knowledge*

Special Guest Mentors: *Various eminent personalities from academic, psychology, personality development, sports etc., are invited as guest for sharing their knowledge and inspiring the children's in order to develop the child mentally and physically.*

Social Service: *'To live is to let others live'. From childhood we inculcate the value of service to the children's. Serving and sharing will develop the child social and emotional competence.*
